

Programmer Position

Ideally looking for people who are Junior's or below.

Not a paid position, however, if we decide to sell the game, everybody gets equal share of profits earned.

Powerful resume builder

Work on a team with dedicated Artists, Programmers, Musicians and Designers

Work on a team of ten+ people

Gain experience in Game Development

Programmers

We are looking for an AI programmer and a general purpose programmer.

AI programmer will work directly with the Lead Programmer on implementing enemy AI.

General Purpose programmer will be given smaller tasks to complete, that help the programming team wrap up loose ends.
