Career Resources

Finding the job you want can be a challenge, but the good news is there are resources online and at UW-Stout to help make this process easier for you. Money, location, company culture, room to grow, and network development are five of the most important things people look for in a job. For LGBTQIA+ folks especially, it is important to find a workplace where you feel valued and accepted. To help with your job search, here are some websites registered with the National LGBT Chamber of Commerce (NGLCC).

The **Wisconsin LGBT Chamber of Commerce** is centered out of Milwaukee and is a helpful way to locate LGBTQIA+ allied businesses in Wisconsin.
